RIDER EVENTS

AMSAF's Riding for the Long Haul

On Saturday, March 10th The Husband and Wife Law Team participated in AMSAF's Riding for the Long Haul. This family-oriented and educational event focused on reducing motorcycle accidents and fatalities. Riders, health-care professionals, and community members enjoyed an afternoon of great music, food, and motorcycle demonstrations. Twenty motorcycle scholarships were awarded and Mick Degn, chairman of AMSAF, presented attorney Mark Breyer with an honorable plaque, thanking The Husband & Wife Law Team for their support to this worthy organization.

Star Touring & Riding Gilbert Chapter 523

It looked like rain on March 1st; however it turned into a beautiful day. The Husband and Wife Law Team enjoyed a fun filled afternoon with STAR Touring & Riding at their 2nd Annual Show and Shine event. Raffle items were presented throughout the day and all proceeds went to the Star Family Foundation which offers assistance to active STAR members in times of hardship or crisis.

Accident Scene Management, Inc.

Darcy, from The Husband & Wife Law Team, completed ASMI's "Crash Course for the Motorcyclist". The course provides Bystander Assistance Education to motorcyclists. Most often, the first responders to the scene of a motorcycle accident are fellow riders; therefore the goal of this program is to reduce injuries and fatalities to motorcyclists through bystander response training and education. Thanks goes out to ASMI course instructor Teresa McClelland, as well as Grand Canyon Harley Davidson for hosting the course. If you'd like more information and a course schedule, visit www.accidentscene.org.

MMA's Freedom Beach Party

MMA hosted their 23rd Annual Freedom Beach Party on February 21st at the Roadrunner Steakhouse in New River. It was a great day of live music featuring The Recalls, a Bike Show, Hawaiian Shirt Contest, and much more. Congrats to Vine Holyoak on winning The Husband and Wife Law Team's Beach Party Gift Basket!

love to ride; however they're also responsible for most of your bike's problems: both mechanical difficulties and bad luck along a journey.

Legend goes on to say that by attaching a small bell onto your bike, the evil road spirits will become trapped inside the bell where the constant ringing drives them insane, making them lose their grip until they fall to the ground. (Ever wonder where pot-holes come from?)

The mystery of the Guardian Bell carries twice as much power when it is purchased by a friend or loved one and given as a gift. So, whenever you see a biker with a bell, you know that he has been blessed with the most important thing in life—friendship and protection from a fellow biker.

Legend has it that evil road spirits or gremlins have been latching themselves on to motorcycles for as long as there have been bikes on the road. They

LEGAL RUMBLES

JUST THE FACTS

For those who want to know the basic information of Arizona Motorcycle Laws, a good place to start would be the Arizona Department of Transportation (azdot.gov). They share the basic information in regards to safety equipment, different classes available for Arizona licensing, and restrictions that go along with motorcycle endorsements. While there are numerous resources that will explain what the laws are supposed to be and will try to explain what the laws might be, the Arizona Department of Transportation will not get into all the detailed insurance laws, liability laws, or helmet laws in great depth, but they will provide the basic explanation for anybody who wants a clear starting point. To find out more information about motorcycle laws and tips, refer to our Motorcycle Accident Guide. You can request a free copy at www.arizonamotorcyclebook.com by filling out a request form.

Peter Morris is a business man who knows the formula for success.

"Whenever I start a business, I want to come up with a name that has tag lines...to me that's really big." So back in 2012, when considering what to name his new motorcycle shop Peter recalls, "I was smoking an Assassin cigar and I said to my wife, 'That would be a great name for my shop'... and then I started thinking of a bunch of tag lines of how to tie it together... home of the killer paint job, we kill the competition..."

Today, Assassin Cycle and Design is known as a one-stop-shop that has created award-winning and nationally recognized motorcycles. *"We've been in Beggars magazine 3 months in a row...that's a huge accomplishment."*

They say for the right price everything is for sale, but when it came to selling Assassin Cycle and Design, Peter stated, *"At first I didn't want to sell... it wasn't about the money."* However after several months of negotiating with motorcycle enthusiast Morgan Welch, Peter thought that this would be a great opportunity for both men.

Morgan Welch, whose background is in sales, management, and

training, had recently retired and was going crazy at home. *"I was way too young to be retired, so at my age this is the ideal situation. I wanted to do something that I wanted to do. I've ridden since I was a kid and always had a passion for motorcycles, so I thought ownership would be a good fit."* Therefore, Morgan looked around at different shops and decided to inquire about purchasing Assassin Cycle and Design because of the reputation and solid clientele.

Peter stated, *"I decided to sell to Morgan, because I realized he had true enthusiasm and passion. I wanted somebody who would carry on my name because this is my baby...I knew [Morgan] would provide my customers the same quality and service that I built my business on."*

From an oil change to a complete customization, whatever you want to do to your bike, Assassin can do it. *"I want to make the bike you want... in other words, you tell me what you want and we'll work together to make it great,"* stated Morgan. *"We don't rubber stamp...we build exactly what you want. I'm excited about what's ahead for Assassins Cycle and Design...and I'm here to help."*
